

MOBILE SYSTEM CART

COMBUSTION POWDER & WIRE THERMAL SPRAY CART

PPS Mobile System Cart:

The Plasma Powders & Systems Mobile Systems Cart is a heavy-duty, portable system cart compatible with the following Powder and Wire systems: **Wire Jet 96, Wire Jet 98, CorroSpray, Powder Jet 85**

For systems using compressed air, a ½" NPT connection is located at the lower corner of the component case. A sturdy tool post locks the gun in place and allows for easy lighting and torch maintenance. The unit can be fitted with an attached Wire stand & spool mount and there's room for tools and spare parts in the cabinet.

A great option for remote area, on-site coatings and large facility work.
